

## The Protection Plan

One of the advantages of being an NES Contractor is that you have exclusive access to "The Protection Plan". Ask yourself these questions:

**Have you left your family financially secure should you die in an accident?** Yes / No

**If you had a serious accident would you automatically receive a cash lump sum for any permanent injury?** Yes / No

**And, what if that accident left you unable to go to work for a while, have you got any steady income to replace your earnings?** Yes / No

If you can answer "Yes" to them all you may not need to read any further but if not, then you do.

The Plan provides financial protection against the consequences of suffering serious injury following an accident. Some of the main features are:

- **One policy covering Death, Permanent Injuries or Temporary Disablement (that prevents you from attending work) as a result of an accident.**
- **Cover applies 24 hours a day, 365 days a year, work or play whilst you are on a contract with us.**
- **Up to £100,000 lump sum Tax Free cash benefits and payable in addition to any other policies you may have.**
- **Up to £150 per week for 26 weeks (excluding first 28 days) for absence from work as a result of an accident.**
- **Hospitalisation benefit of £50 per 24 hours (after first 24 hours) – increased to £100 if you are in a comatose state.**
- **Available to all our Contractors between the ages of 18 and 64 without the need for medicals or questionnaires.**
- **Low cost of only £4.05 per week (including Insurance Premium Tax) collected from your weekly fees for maximum convenience.**

A Policy Summary and Key Facts sheet is enclosed in this pack and a full policy wording is available to view on our website at [www.nesgroup.com/Group-Protection-Plan](http://www.nesgroup.com/Group-Protection-Plan).
